

spirit[®] 91

Chemistry that helps.

INOX SPRAY

INOX
STEEL

Spirit 91 is a molecule of stainless steel spray

- thanks to the modern formula it forms a solid and elastic protective against corrosion layer
- it covers steel surfaces, refresh them and protects against atmospheric agents
- to be used as final protection or maintaining ground (can be painted)
- perfectly covers and protects
- does not drip
- suitable for treating steel castings, metal surfaces such as gate doors, tanks, pipes, etc and other surfaces
- it dries quickly

Directions:

Degrease the surface, shake well, spray the surface from 20 cm distance. To avoid filling the valve after use always put the can upside-down and spray until only gas come out.

Package:

volume: can, spray 400 ml
1 box = 12 cans
box weight: 5,7 kg
box sizes: 20,5 x 27,5 x 21,5 cm

Application methods:

universal professional
